We are now building the above machines, of the best materials, warranting them in every way superior to any horetofore built, and will execute orders with prompt dispatch. The
"Travellers," besides threshing in the field, can be used as Stationary Threshers by using a stationary horse power, and when thus
used are warranted to save grain better than any now in use, and
to thresh the end of the state of the same time that they thresh
it. Being far more simple in construction than any heretofore
used, they are not at all liable to get out of repair.
HORSE POWERS, of extra quality, double driving pation,
